ABOUT THE COLLEGE

Established under the Institute of Human Resources Development (IHRD), an autonomous institution set up by the Government of Kerala, the College of Engineering Adoor started functioning in the year 1994. College is affiliated to Cochin University of Science and Technology (CUSAT) and recognized by All India Council for Technical Education (AICTE). The College offers Four UG and one PG programme in engineering. It is situated in a picturesque campus with beautiful flora and fauna, which is only 3 km away from Adoor town.

ABOUT THE PROGRAMME

Data security is a major issue for businesses and organisations today. Ensuring that your data is secure is becoming more important every day and vital to business operations. A report from CDW showed that data loss has emerged as the top cyber security challenge that medium and large businesses are now facing. Effective information technology and data security strategies should account for all data and seek to bring unstructured data into the structured world for easier inclusion in the overall information technology strategy.

Our programme also aims at equipping scientists and engineers to take up the challenges in the field of information and communication security.
