No. A3/895/2022/CEA

Date: 14.09.2022

QUOTATION NOTICE

| | |
|--|--|
| Quotation Number | A3/895/2022/CEA |
| Due date and time for receipt of quotations | 29/09/2022 – 12.00 PM |
| Date and time for opening of quotations | 29/09/2022 - 3.00 PM |
| Date up to which the rates are to remain firm for acceptance | One Month |
| Designation and address of officer to whom the quotation is to be addressed | The Principal College of Engineering Adoor |
| <ol style="list-style-type: none">1. 8085 Microprocessor trainer Kit with External key Board Based on Intel 8085 Processors.2. 8051 Microcontroller trainer kit with external key board.3. 8051 Microcontroller trainer kit with embedded evaluation board.4. Stepper Motor Interface5. DC Motor Interface Module6. 8 Channel 12- Bit ADC Interface | |

Sealed quotations are invited for the supply of the materials specified in the schedule attached below/overleaf. The rates quoted should be for delivery of the articles at the place mentioned below the schedule. The necessary superscription, due date for the receipt of quotations, the date up to which the rates will have to remain firm for acceptance and the name and address of officer to whom the quotation is to be sent are noted above. Any quotation received after the time fixed on the due date is liable to be rejected. The maximum period required for delivery of the articles should also be mentioned. Quotations not stipulating period of firmness and with price variation clause and/or 'subject to prior sale' condition are liable to be rejected.

The acceptance of the quotations will be subject to the following conditions:

1. Acceptance of the quotation constitutes a concluded contract. Nevertheless, the successful tender must within a fortnight/a month after the acceptance of his quotation furnish 5 per cent

of the amount of the contract as security deposit and execute an agreement at his own cost for the satisfactory fulfillment of the contract, if so required.

2. Withdrawal from the quotation after it is accepted or failure to supply within a specified time or according to specifications will entail cancellation of the order and purchases being made at the officers expenses from elsewhere, any loss incurred thereby being payable by the defaulting party. In such an event the Government reserves also the right to remove the defaulter's name from the list of Government suppliers permanently or for a specified number of years
3. Samples, duly listed, should be forwarded if called for under separate cover and the unapproved samples got back as early as possible by the officers at their own expenses and the Government will in no case be liable for any expenses on account of the value of the samples or their transport charges, etc. In case, the samples are sent by railway; the railway receipt should be sent separately, and not along with the quotation since the quotation will be opened only on the appointed day and demurrage will have to be paid if the railway parcels are not cleared in time. Quotations for the supply of materials are liable to be rejected unless samples, if called for of the materials tendered for are forwarded. The approved samples may or may not be returned at the discretion of the undersigned. Samples sent by V.P. Post or "freight to pay" will not be accepted.
4. No representation for enhancement of price once accepted will be considered during the currency of the contract.
5. Any attempt on the part of tender or their agents to influence the Officers concerned in their favour by personal canvassing will disqualify the tender.
6. If any license or permit is required, tender must specify in their quotation and also state the authority to whom application is to be made.
7. The quotation may be for the entire or part supplies. But the tender should be prepared to carry out such portion of the supplies included in their quotation as may be allotted to them.
8. (a) In cases where a successful tender, after having made partial supplies fails to fulfill the contracts in full, all or any of the materials not supplied may, at the discretion of the Purchasing Officer be purchased by means of another tender/quotation or by negotiation or from the next higher tender who had offered to supply already and the loss, if any, caused to the Government shall thereby together with such sums as may be fixed by the Government towards damages be recovered from the defaulting tender.
(b) Even in cases where no alternate purchases are arranged for the materials not supplied, the proportionate portion of the security deposit based on the cost of the materials not supplied at the rate shown in the tender of the defaulter shall be forfeited and balance alone shall be refunded.
(c) Any sum of money due and payable to the contractor (including Security Deposit returnable to him) under this contract may be appropriated by the Purchasing Officer or Government or any other person authorized by Government and set-off against any claim of the Purchasing Officer or Government for the payment of a sum of money arising out of or under any other contract made by the contractor with the Purchasing Officer or Government or any other person authorized by Government.

9. The prices quoted should be inclusive of all taxes, duties, cases, etc., which are or may become payable by the contractor under existing or future laws or rules of the country of origin/supply or delivery during the course of execution of the contract.
10. (a) Ordinarily payments will be made only after the supplies are actually verified and taken to stock but in exceptional cases, payments against satisfactory shipping documents including certificates of Insurance will be made up to 90 per cent of the value of the materials at the discretion of Government. Bank charges incurred in connection with payment against documents through bank will be to the account of the contractor. The firms will produce stamped pre-receipted invoices in all cases where payments (advance/final) for release of railway receipts/shipping documents are made through Banks. In exceptional cases where the stamped receipts of the firms are not received for the payments (in advance) the unstamped receipt of the Bank (i.e. counterfoils of pay-in-slips issued by the Bank) alone may be accepted as a valid proof for the payment made.
 (b) The tender shall quote also the percentage of rebate (discount) offered by them in case the payment is made promptly within fifteen days/within one month of taking delivery of stores.
11. Any sum of money due and payable to the successful tender or contractor from Government shall be adjusted against any sum of money due to Government from him under any other contracts.
12. Special conditions, if any, printed on the quotation sheets of the tender or attached with the tender will not be applicable to the contract unless they are expressly accepted in writing by the purchases.

PRINCIPAL

DESCRIPTION

| Item No. | Item with Specification | Quantity |
|----------|---|----------|
| 1. | 8085 microprocessor trainer kit with external USB key board Based on Intel 8085 processors. Operates at 3.072 MHz Operates on Single 5V Power Supply Peripheral controllers: 8251, 8253, 89C2051 and 8255 Stand alone user interface is 20x4 LCD and PS2 Keyboard. RS232 for serial mode Built-in one line Assembler/Disassembler Provision to work with Interfaces | 3 |
| 2a. | 8051 microcontroller trainer kit with external USB key board and embedded evaluation board with following | 6 |

| | | |
|-----|--|---|
| | <p>features:</p> <p>Works with AT89C51ED2/RD2 Operates at 11.0592 MHz</p> <p>Operates on Single 5V Power Supply</p> <p>On board UART to USB convertor, 8255 PP, ACE TL16C550 for RS-232C port</p> <p>Powerful monitor in EPROM helps in integration of MCB 51-2 with Keil μVision Debugger</p> <p>System configuration using on-board DIP switches</p> <p>LEDs connected to port P1 for program testing</p> <p>On-board EEPROM (24AA010) with SPI interface</p> <p>Push buttons for INT0, INT1 and Reset</p> <p>Supports ISP, Keil Debugging, and Provision to work with Interfaces</p> | |
| 2b. | <p>Stepper Motor Interface for item No. 2</p> <p>Consisting of a stepper motor (+12V-+5V DC, 3 Kg.cm torque), Power Supply and required driver circuitry along with the necessary software to control the operation of the stepper motor and permitting ON/OFF control of the individual coils of the stepper motor at varying speeds in either direction</p> | 1 |
| 2c. | <p>DC Motor Interface Module for item No. 2</p> <p>Consisting of a dc motor of rating +12V at 250mA for speed control</p> | 1 |
| 2d. | <p>8 Channel 12-Bit ADC Interface item No. 2</p> <p>Based on Analog Devices 12-bit, ADC, with built-in sample and hold amplifier. Provision for an optional 8 channel multiplexer</p> | 2 |

TERMS & CONDITIONS

1. Rate should be inclusive of all taxes, Charges and duties.
2. Delivery should be made at site College of Engineering, Adoor
3. Warranty: 1 Year.
4. Payment: 100% after successful testing.
